

Per- and polyfluoroalkyl substances (PFAS)

To Whom It May Concern:

This certifies that all materials and products shipped by Vargus Ltd. are free from Per- and polyfluoroalkyl substances (PFAS), in compliance with EPA and ECHA regulations.

Our current product range consists of:

1. Steel products with Black Oxide or Zinc Phosphate and Oil finishes
2. Cemented carbide tools with TiN/TiCN/TiAlN PVD coatings
3. Shaviv products with steel and Polyvinyl chloride

We confirm that these base materials and surface treatments do not contain any PFAS substances.
